

Incorporating

Grilles & Diffusers

Series NV Non-vision grilles

- Sight blocking design ensures privacy is maintained
- Perfect for areas like changing rooms
- Four models available including units to suit door mounting and dark room installations

Series NV

Series NV non-vision grilles are intended to provide good levels of ventilation for areas where privacy must be ensured; bathrooms or hospital examination rooms for example.

Available in the following models:

NV1: Standard flanged grille.

NV2: As NV1 but with a spare backing frame for fitting into doors.

NV3: Double layered grille intended for dark-rooms.

NV4: Slimline surface mounted with a non chevron blade. Designed to suit fire doors.

Please note: A very narrow sight line can be gained through NV4 grilles if looked at from directly below.
